

IBS, Investment Bank Provides Expansion Capital for Medison Econet, INC.

CORPORATE FINANCE FOR GROWTH & MATURE COMPANIES

IBS Investment Bank offers institutional investors a distinctive array of qualified investment opportunities through its origination arm Institutional Banking Services, N.A. CORP.

FORT LAUDERDALE, Fla., AUG 2016— Fort Lauderdale-based private equity firm IBS Investment Bank a division of Institutional Banking Services, N.A. CORP (IBS, N.A.) today announced it has provided growth capital to Fort Lauderdale-based imaging manufacturer and distributor Medison Econet, Inc ("Company"). The financing will be used by the Company to expand its employee base.

Under pressure from their depository bank lender, the Company sought a lender who could provide a certainty of execution. IBS was able to quickly underwrite the transaction, focusing primarily on bank and financial statements, closing within a 4 days of receiving all conditions. "Since being the sole lender to IHOP's BRFA back in 2011, we have prided ourselves on being able to pick up where conventional banks leave off. Though we've greatly expanded over the last five years, our client base takes comfort in knowing that we are still holding true to that standard " said IBS, N.A. Senior Vice President, Ciro Gino Piompino.

"It is refreshing to finally work with a capital partner that takes the time to understand your story and has the ability to think outside the box to help a company get to the next level," said Medison Econet Chief Operating Officer, Mr. Do. With provision of over \$210MM in corporate and real estate financings during the first half of 2016, IBS, N.A. has continued to cement its position as a trusted partner to small and medium sized businesses and real estate investment companies. With working capital rates floating over WSJ Prime, monthly payments options and no tax return requirements, companies are rapidly choosing IBS, N.A. over popular merchant advance companies.
